PT / S. L. BANNERMAN
FILM Training 3-1

MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT: Career Trainee Task Force Research Reports

1. This memorandum is for your information.
2. [] of the Psychological Services Staff have recently briefed me on a series of studies they have just completed on Career Trainees. I found their analyses and comparisons extremely interesting, and they offer professional psychological data studies on topics and issues which we have frequently discussed without benefit of a professional study. Certainly their findings will serve as guidance in our reworking of the Career Training Program and our concerns for CT development and progression.
3. [] can brief down his findings from these various studies into a 45-minute presentation, and I recommend that this be placed on the agenda of the Deputies' meeting for such a presentation. The research areas which will be covered in the presentation are set forth on the attachment.

SIGNED R. L. Bannerman

R. L. Bannerman
Deputy Director
for Support
